OUR foundation is YOUR foundation

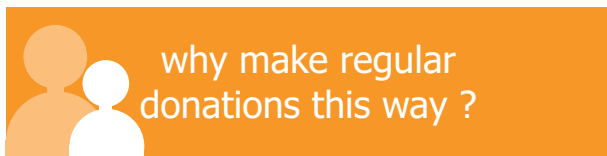

The Gawler Health Foundation is a dynamic community oriented organisation, committed to providing YOU and YOUR family with excellent health care, at the Gawler Health Service (hospital). We fund projects and equipment that are essential to all of US.

We believe that the community is a vital part of what we do, and as such consider each and every one of you to be part of our organisation.

We welcome your involvement in the Foundation whether it be a member, friend, donor, or attendee at our events.

Members of the community participating in the annual Walk for Gawler Health Day

why make regular donations this way ?

Making tax deductible donations direct from your bank account is the simplest way that you can help our cause.

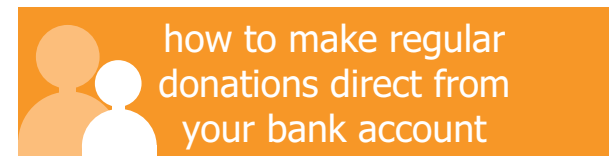

We know that the community is supportive of the Gawler Health Service (hospital), and appreciative of having the facility so close by, however with everyone leading busy lives, it is easy to overlook sending in a donation or attending an event.

You can choose how much you donate, how regularly you donate, and even opt out at any time. It's entirely up to you! Remember though that tax deductibility rules require each payment to be \$2 or more.

You will be automatically given a friendship status of the Gawler Health Foundation and receive regular updates from us.

Your donations allow us to achieve our collective goals and are very much appreciated.

All donations of \$2 or more are fully tax deductible as we have deductible gift recipient status

how to make regular donations direct from your bank account

I wish to set up my own deduction
